### REASONS FOR ALLOWANCE

Applicant's amendments filed December 22, 2004 have been entered. The cancellation of claims 2-3 and 5-6 is acknowledged.

Claims 1, 4, and 7-11 are pending.

The following is an examiner's statement of reasons for allowance: The claims are directed to a composition comprising the combination of  $17\beta$ -estradiol-3-acetate and acetic acid. Since  $17\beta$ -estradiol-3-acetate is an ester, which is subjected to hydrolysis, the addition of acetic acid to such ester compound would expect accelerated degradation. However, unexpected results was demonstrated in stability of the compounds  $17\beta$ -estradiol-3-acetate with acetic acid when compared to  $17\beta$ -estradiol-3-acetate without acetic acid in Dr. de Vries' declaration filed May 26, 2004. Therefore, the outstanding rejections are withdrawn in view of the amendments filed December 22, 2004 and the unexpected stability shown in Dr. de Vries' declaration filed May 26, 2004.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 1, 4, and 7-11 are pending.
